

**Pocono Sew & Vac, The Most Complete Sewing Machine Store in the USA,
To Sponsor Brother, Elna, and Handi Quilter
at The Quilt Fest of New Jersey VIII, March 1-4, 2012**

[Pocono Sew & Vac](#), now celebrating its 33rd year in business, will be sponsoring three of the most respected sewing machine companies in the industry, Brother, Elna, and Handi Quilter at [The Quilt Fest of New Jersey](#) from March 1-4, 2012. In their booth #301, attendees will be able to meet the company reps, as well as talk to PSV's expert staff. As a special treat, they can also visit with George Siciliano and see what exciting things he's doing in the world of quilting.

In the booth they will also be showing off the Laura Ashley NX2000 sewing and quilting machine from Brother. This is the machine that George loves and uses. But it doesn't stop there. Attendees will be able to "test drive" the incredible Elna eXcellence 740; the machine with uncompromising stitch quality. Or they can try out the Handi Quilter HQ²⁴ Fusion professional quilting machine with a 24" throat and 12' frame system - it's soooooo easy to use. On the other hand, if they love to free-motion machine quilt but struggle to fit a project in a small throat space, they can check out the HQ Sweet Sixteen®. The sixteen inches of throat space gives enough room to quilt even a king-size quilt. Pocono Sew & Vac will also be presenting cabinets from the industry leader, Horn of America.

The Pocono Sew & Vac team invites the attendees to stop by to catch up on the latest and greatest in the sewing industry from these knowledgeable experts and take advantage of the great show specials that PSV will be running. It will be an opportunity to get a great deal on some incredible machines from a company that has been serving the industry with the Best Selection, Best Prices, and Best Service Guaranteed!
